Education

Emergency Medicine Residency Henry Ford Wyandotte Hospital	2017 - Present
Doctor of Osteopathic Medicine (D.O.) Kentucky College of Osteopathic Medicine (KYCOM)	2013 - 2017
Bachelor of Science in Biology Franciscan University of Steubenville	2009 - 2013

Leadership

President Student Osteopathic Internal Medicine Association (Kentucky Chapter) <i>Responsibilities included arranging guest speakers from various organizations, scheduling seminars in conjunction with our local hospital network, conducting educational events for the students, and coordinating community volunteer opportunities.</i>	2014 - 2015
Student Co-Lead: Robotics/Simulation Division KYCOM <i>I, along with one other student, took it upon ourselves to learn the robotic simulation equipment prior to it being utilized as part of our curriculum, in order to orchestrate and teach our class in different clinical training programs.</i>	2014 - 2015
Student Chair: EHR & HIPAA KYCOM <i>I personally migrated our school's public clinic to an EHR system (specifically Practice Fusion), additionally making sure we were in compliance with all HIPAA regulations. I continue to be the sole point of contact for all implementation and troubleshooting.</i>	2014 - 2015

Professional Experience

Oncology Research Fellow KYCOM <i>Conducted research in pancreatic oncology, specifically looking at protein Chmp1A's ability to regulate known tumor suppressor functions. I competed in poster presentations at several events, including the Center of Osteopathic Research and Education (CORE).</i>	May 2014 - Aug 2014
Student Researcher and Laboratory Technician	2011 - 2013

Franciscan University of Steubenville

Conducted research in various lymphomas seeking to identify new tumor-specific cell markers.

Student Intern

2010 - 2012

Medical Decision Modeling, Inc.

Reviewed and analyzed clinical data for publication.

Service

Medical and Health Events: Organized and volunteered more than or exceeded 200 hours at several free community health clinic that featured a general wellness exam, diabetes screen, neurological screen, and Osteopathic Manipulative Treatment.

Mini-Med School: Hosted kindergarten children from local schools to learn more about the human body and what they can do to stay healthy and active.

Pre-SOMA Conference: Hosted premed students from across the country to experience what it takes to become a future physician.

Other Community Service: Volunteered in several mission trips, soup kitchens, geriatric facilities, and many more during the time from high school to present.
